

# Aichi Police Announcement

# Emergency Drills

## Let's participate in Emergency Drills

- Emergency drills are held in various places such as local elementary schools and city hall.
- Recently, many people from various countries are participating in emergency drills.
- At an emergency drill, you can learn how to use an AED, application of CPR, and how to extinguish fires.
- Participating in an emergency drill is an opportunity to get to know your neighbors.
- In case of a disaster, it is important to help each other.
- In Aichi Prefecture, a very serious earthquake is predicted to occur in the near future.
- Please participate in an emergency drill and learn how to keep yourself and others safe.

Always keep this in mind :“ You are the only one who can protect yourself.”
